Re: 2007 Annual Hazardous Waste Report

Dear Hazardous Waste Coordinator:

You are receiving this letter because our records show that your company has an active RCRA Site Identification Number and last reported as a Conditionally Exempt Generator (CEG) of hazardous waste. As a registered CEG, you do not need to complete an annual report unless one of the following situations applies to your business:

- Your business generated over the CEG limits in any one month of calendar year 2007. The attached Frequently Asked Questions (FAQ) document provides information on determining your generator status. You can also receive help from our technical assistance staff to help identify hazardous waste streams and understand the regulations. See FAQ Question #6 for telephone numbers.
- Your facility site information has changed (e.g., new location, new owner, new contact person, etc.). The RCRA Site ID Number is not transferable to other physical locations.
- If your facility is generating waste through an environmental cleanup effort.

If you need to report, you must complete the annual report by **April 1, 2008**. You can complete your report by doing one of the following:

- Access the on-line annual reporting system, HazWaste.Net, via the internet using this web address: www.deqhazwaste.net. At this web site you will find the General Instructions which will walk you through the steps for electronic reporting or you can call the Annual Report Hotline for assistance.
- Use hardcopy paper forms. The attached Frequently Asked Questions tells you how to obtain the paper forms.

You may also want to consider withdrawing your RCRA Site Identification Number. State and federal requirements do not require Conditionally Exempt Generators to have this number. The FAQ will provide information to help you determine whether you should keep your identification number. Starting this year, CEGs may inactivate their ID number and reactivate at a later date without paying the \$200 administrative fee. To do this you would submit an annual report to withdraw the RCRA Site ID number. If the ID number is needed in the future you would submit a new Site Identification Form requesting a reactivation.

Frequently Asked Conditionally Exempt Generator (CEG) Questions

State of Oregon
Department of
Environmental
Quality

Land Quality Division
811 SW 6th Avenue
Portland, OR 97204
Phone: (503) 229-5913
(800) 452-4011
Fax: (503) 229-6977
www.deq.state.or.us

1. *What if I want to use paper forms to report updated information?*
2. *How do I determine my generator status?*
3. *As a CEG, should I withdraw my RCRA Site ID number?*
4. *How do I withdraw my RCRA Site ID number?*
5. *What if a change of ownership occurred?*
6. *Where do I get additional help?*

1. *What if I want to use paper forms to report updated information?*

- Call the Annual Report Hot Line in Portland at (503) 229-6938 or toll-free in the State of Oregon at 1-800-452-4011, extension 6938; or
- Send a request by email to hazwaste@deq.state.or.us; or
- Download the Site ID Form from HazWaste.Net. If your generator status changed to a small or large quantity generator category you will also need to file the Waste Generation & Management Waste Stream (GM) Forms. General Instructions for using the HazWaste.Net electronic reporting system can be found at www.deqhazwaste.net.

2. *How do I determine my generator status?*

Hazardous waste generators are regulated differently, depending on how much waste they generate or accumulate in each calendar month. For purposes of annual verification and reporting, your classification is based on the greatest status reached in any one month of the calendar year. For example, if you were a small quantity generator (SQG) for only one calendar month of the year, you must report as an SQG on the annual report. The three generator categories are:

Conditionally Exempt Generator (CEG) – in every calendar month you generate:

- 2.2 pounds or less of acute hazardous wastes, or
- 220 pounds or less of hazardous wastes, or
- 220 pounds or less of spill cleanup debris containing hazardous wastes, or
- never accumulated on-site more than 2,200 pounds of hazardous wastes

Small Quantity Generator (SQG) – in any one calendar month you generate:

- more than 220 pounds but less than 2,200 pounds of hazardous wastes, or
- more than 220 pounds but less than 2,200 pounds of spill cleanup debris containing hazardous wastes, or
- accumulated on-site more than 2,200 pounds of hazardous wastes

Large Quantity Generator (LQG) – in any one calendar month you generate:

- 2,200 or more pounds of hazardous waste, or
- 2,200 or more pounds of spill cleanup debris containing hazardous waste, or
- more than 2.2 pounds of acute hazardous wastes, or

- more than 220 pounds of spill cleanup debris containing an acute hazardous waste, or
- accumulated on-site more than 2.2 pounds of acute hazardous waste

3. *As a CEG, should I withdraw my RCRA Site ID number?*

As a CEG, you have the following options:

Maintain the RCRA Site Number

- If there is any chance that your business may generate over the CEG waste limits in any one month. In some cases, a CEG may fall into the larger quantity limits requiring a site identification number during cleanout of outdated products, or while cleaning up a spill or release.
- Your hazardous waste transporter or collection facility requires a site identification number. It would be best to check because collection facilities that once required a DEQ site identification number are no longer requiring the number (e.g., Metro Recycling in Portland).
- If you fit into any of the following categories, you must maintain a RCRA Site ID number:
 - Small or Large Quantity Hazardous Waste Generator
 - Hazardous Waste Transporter
 - Treatment, Storage, or Disposal Facility
 - Hazardous Waste Recycling Facility
 - Marketer or Burner of Hazardous Waste Fuel
 - Universal Waste or Used Oil Reportable Activities

Withdraw your RCRA Site Number

- If your facility will never generate more than the CEG waste limits.
- If your hazardous waste transporter or collection facility does not require a RCRA site identification number.
- If your facility moved to a new location. If a RCRA Site ID number is needed for the new location, you must apply for a new number.
- If your facility is no longer operating.

Note: If you typically operate as a CEG and withdraw your ID number, you may reactivate the number at no charge. You would need to reactivate the ID number if you generate more than the CEG waste limits in any one month of the calendar year.

4. *How do I withdraw my RCRA Site ID number?*

Submit a Site Identification (SI) Form to DEQ by using the on-line HazWaste.Net reporting system or by filling out the hardcopy paper form. Follow these steps on the SI Form to withdraw your number:

Section 1. – Reason for Submittal

- Check the box "To Withdraw Site Identification Number"
- Check the box "Completion of RCRA Waste Activity"
- Provide an "Effective Date" indicating the date the site identification number was no longer needed. If you do not know the exact date, provide December 31 and the

calendar year you are reporting (e.g., 12/31/07 is the calendar year DEQ is verifying at this time).

Sections 3 through 9 – Site Location and Site Contact Information

You should be using a form that has your last reported site information pre-printed on the left side of form.

- Provide any new information in the space provided on the right hand side of the form.

Section 10 – Hazardous Waste Activities

- In question 1, check the box for the correct generator status category (CEG, SQG, or LQG) for the calendar year you are reporting. If you had a SQG or LQG generator status you must also file the separate Generation & Management Waste Stream (GM) Forms.
- Check any other boxes in questions 2 through 10 of Section 10 if they apply to you.

Sections 11, 12 and 13 are not applicable for annual reporting (Use for notifying DEQ of new activities)

Section 14 – Comments

Use this section to provide additional information.

Section 15 – Certification

Provide your signature and date in this section. The completed form can then be mailed to the address provided at the top of the SI Form. An acknowledgement letter for the withdrawal of the ID number will be mailed to you after processing.

5. What if a change of ownership occurred?

A new owner or his/her representative must submit the Site ID (SI) Form by mail since a signature is required. You can download and print a pre-populated SI Form in HazWaste.Net or call the Annual Report Hot Line to request a form. The pre-populated SI Form has the last reported site information with space to provide updated information. If the new owner does not need a RCRA Site ID number, then the previous owner should file the SI Form and withdraw the number.

6. Where do I get additional help?

For questions about the RCRA Site ID number or the annual verification reporting, please call the DEQ Annual Report Hot Line in Portland at (503) 229-6938 or toll free within Oregon at (800) 452-4011, extension 6938.

For questions regarding hazardous waste regulations, please call the small business technical assistance staff in the DEQ regional office nearest you:

Portland: 2020 SW Fourth Avenue, Ste 400, Portland 97201 – Phone: **(503) 229-5263**

Salem: 750 Front Street, NE, Suite. 120, Salem 97310 – Phone: **(503) 378-8240**

Medford: 221 Stewart Avenue, Ste 201, Medford, OR 97501 – Phone: **(541) 776-6010**

Bend: 2146 NE 4th Street, Ste 104, Bend, 97701 – Phone: **(541) 388-6146**

If you want to keep your RCRA Site ID number active, we want to make sure that the imperative information we have for your business is accurate. Please verify this information and submit an annual report if you need to provide an update.

RCRA Site ID Number: ORD096990569

**HAZARDOUS MATERIALS
CERTIFICATE OF REGISTRATION
FOR REGISTRATION YEAR(S) 2006-2007**

Registrant: MCCALL OIL AND CHEMICAL CORP
Attn: EDGAR S MCCALL
5480 NW FRONT AVE
PORTLAND, OR 97210

This certifies that the registrant is registered with the U.S. Department of Transportation as required by 49 CFR Part 107, Subpart G.

This certificate is issued under the authority of 49 U.S.C. 5108. It is unlawful to alter or falsify this document.

Reg. No: 062906 551 0150 Issued: 06/30/2006 Expires: 06/30/2007
Reissued: 05/24/2007

Record Keeping Requirements for the Registration Program

The following must be maintained at the principal place of business for a period of three years from the date of issuance of this Certificate of Registration:

- (1) A copy of the registration statement filed with PHMSA; and
- (2) This Certificate of Registration

Each person subject to the registration requirement must furnish that person's Certificate of Registration (or a copy) and all other records and information pertaining to the information contained in the registration statement to an authorized representative or special agent of the U. S. Department of Transportation upon request.

Each motor carrier (private or for-hire) and each vessel operator subject to the registration requirement must keep a copy of the current Certificate of Registration or another document bearing the registration number identified as the "U.S. DOT Hazmat Reg. No." in each truck and truck tractor or vessel (trailers and semi-trailers not included) used to transport hazardous materials subject to the registration requirement. The Certificate of Registration or document bearing the registration number must be made available, upon request, to enforcement personnel.

For information, contact the Hazardous Materials Registration Manager, PHH-62, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue, SE, Washington, DC 20590, telephone (202) 366-4109.

Please retain a copy of this form for your records.

Notice to Customers Making Payment by Check

If you send us a check, it will be converted into an electronic funds transfer (EFT). This means we will copy your check and use the account information on it to electronically debit your account for the amount of the check. The debit from your account will usually occur within 24 hours, and will be shown on your regular account statement.

You will not receive your original check back. We will destroy your original check, but we will keep the copy of it. If the EFT cannot be processed for technical reasons, you authorize us to process the copy in place of your original check. If the EFT cannot be completed because of insufficient funds, we may try to make the transfer up to 2 times.

Dear Sir:

The U.S. Department of Transportation's Hazardous Materials Registration Program has received your company's registration statement for registration period 2003 - 2005. I am writing to inform you that the amount your company paid for this registration is in excess of the amount due. On January 9, 2003, the Research and Special Programs Administration published a Final Rule in the *Federal Register*, pages 1342-1346, lowering the fee for registration years 2003-2004, 2004-2005, and 2005-2006 for all registrants to an annual fee of \$125 (plus a \$25 processing fee for each registration form submitted) for small businesses and not-for-profit organizations, that is, organizations exempt from taxation under 26 U.S.C. 501(a), and \$275 (plus a \$25 processing fee for each registration form) for all other registrants. The annual fee for 2006-2007 and the following years was set at \$250 (plus a \$25 processing fee for each registration form) for small businesses and not-for-profit organizations, and \$975 (plus a \$25 processing fee for each registration form) for all other registrants. The fee for 2003 - 2005 for a small business is \$275.00. Because your company paid \$300.00, it is eligible for a refund of \$25.00.

In order to receive this refund you must complete and return the enclosed Form W-9, Request for Taxpayer Identification Number and Certification. Please be sure to write the registration number printed at the top of this letter in the appropriate place on the form. You can mail the form to us at:

Hazardous Materials Registration Program
Attn: Pat Cobb, DHM-60
U.S. Department of Transportation
400 7th Street, SW
Washington, DC 20590

or you may fax it to us at 202-366-7435.

If your company is not a U.S. company and does not have a U.S. Taxpayer Identification Number, please enter "foreign co" in the place for that number. A signature is not required for such companies.

Without the Taxpayer Identification Number we are unable to process a refund. Please return the Form W-9 within 30 days of receiving this letter. Refunds will be made by a check issued and mailed by the U.S. Treasury. Please be advised that it may be several weeks before you receive the refund check.

If you have any questions, please call us at 202-366-4109 or e-mail to register@rspa.dot.gov.

Sincerely,

David W. Donaldson
Manager, Hazardous Materials

FOR REGISTRATION YEAR(S) 2003-2005**

Registrant: MCCALL OIL AND CHEMICAL CORP
Attn: EDGAR S. MCCALL
5480 NW FRONT AVE
PORTLAND, OR 97210

This certifies that the registrant is registered with the U.S. Department of Transportation as required by 49 CFR Part 107, Subpart G.

This certificate is issued under the authority of 49 U.S.C. 5108. It is unlawful to alter or falsify this document.

Reg. No: 102704 550 014LM **Issued:** 10/28/2004 **Expires:** 06/30/2005

Record Keeping Requirements for the Registration Program

The following must be maintained at the principal place of business for a period of three years from the date of issuance of this Certificate of Registration:

- (1) A copy of the registration statement filed with RSPA; and
- (2) This Certificate of Registration

Each person subject to the registration requirement must furnish that person's Certificate of Registration (or a copy) and all other records and information pertaining to the information contained in the registration statement to an authorized representative or special agent of the U. S. Department of Transportation upon request.

Each motor carrier (private or for-hire) and each vessel operator subject to the registration requirement must keep a copy of the current Certificate of Registration or another document bearing the registration number identified as the "U.S. DOT Hazmat Reg. No." in each truck and truck tractor or vessel (trailers and semi-trailers not included) used to transport hazardous materials subject to the registration requirement. The Certificate of Registration or document bearing the registration number must be made available, upon request, to enforcement personnel.

For information, contact the Hazardous Materials Registration Manager, DHM-60 Research and Special Programs Administration, U.S. Department of Transportation, 400 Seventh Street, SW, Washington, DC 20590, telephone (202) 366-4109.

Re:

Philip,

You are correct that McCall did not register for 2003-4. I was under the impression that my renewal would encompass both 2003-4 and 2004-5. I will call you on 10/28/04 to discuss further. I am in meetings all day.

Telephone: 503 221-5880 Fax: 503 221-5882

TO PERSONS WHO MAY BE SUBJECT TO THE HAZARDOUS MATERIALS
REGISTRATION REQUIREMENT

CONCERNING RENEWAL OF HAZARDOUS MATERIALS REGISTRATIONS FOR
REGISTRATION YEAR 2004-2005

According to our records, your company filed a Hazardous Materials Registration Statement with us for the 2002-2003 or 2003-2004 Registration Year but has not yet renewed its registration for the 2004-2005 Registration Year. A copy of the brochure containing the Registration Statement for the 2004-2005 Registration Year was mailed to your company in late May. Another copy is enclosed for your information and use, if appropriate.

If your company has engaged in any of the activities that require registration (as described in the enclosed brochure) since July 1, 2004, or engages in any of these activities during the remainder of this Registration Year, which ends on June 30, 2005, you are required to register with us and pay a fee. Please note that the one-year fee for the 2003-2004, 2004-2005, and 2005-2006 registration years has been reduced to \$125 (plus a \$25 processing fee for each form submitted) for SBA small businesses and for not-for-profit organizations, that is, organizations exempt from taxation under 26 U.S.C. 501(a), and to \$275 (plus a \$25 processing fee for each form submitted) for all other registrants. The annual fee for registration year 2006-2007 and the following years has been set at \$250 (plus a \$25 processing fee for each form submitted) for small businesses and not-for-profit organizations, and \$975 (plus a \$25 processing fee for each form submitted) for all other registrants. Registration is required before you engage in any of these activities, but may be delayed until your company is certain that it will engage in these activities during this registration year.

If you have already registered for the 2004-2005 Registration Year, or for a multi-year registration period that includes 2004-2005, and have received a Certificate of Registration, we would appreciate your informing us of the current Registration Number by calling us at (202) 366-4109 or writing to the address given at the end of this letter so that we can correct our records.

If you have submitted a 2004-2005 Registration Statement and have not received a Certificate of Registration for the year or years for which you applied, we recommend that you contact the Hazardous Materials Support Center in Cambridge, Massachusetts, at (617) 494-2545 to inquire about the status of that registration.

If you have not registered for the 2004-2005 Registration Year and are required to register, please complete the enclosed Statement, entering your most recent Registration Number in the place where the "Current Registration #" is requested. Your most recent Registration Number is printed at the top of the mailing label used for this mailing. That label may be peeled off and placed in the box

on the form to supply your company name and address if no corrections to the name and address are necessary. Return the Statement with your payment to:

U.S. Department of Transportation
Hazardous Materials Registration
P.O. Box 740188
Atlanta, GA 30374-0188

You may alternatively take advantage of **registration over the Internet** or through the expedited process described on page 11 of the brochure. There is no additional fee for **registering over the Internet** and at the end of the process, after paying the fee by credit card, you will be returned to a page that displays the company name and the newly assigned registration number. If you click on the registration number, the registration certificate will be displayed, which you can print for your records and use. You may also pay by electronic check (ACH), but must return to the site in two or three days, after the ACH payment has been verified, to print the certificate. You may **register over the Internet** at <http://hazmat.dot.gov/register.htm>. Your Internet browser must support 128-bit encryption in order to complete the payment by credit card.

If you are not required to register (your company is no longer engaging in any of the activities that require registration or has gone out of business) and would like to have your name removed from the registration mailing list, please let us know by writing to:

Temporary Registration Number: 091902T50008K
Expiration Date: November 03, 2002

TED MCCALL
MCCALL OIL AND CHEMICAL CORP
5480 NW FRONT AVE
PORTLAND, OR 97210-0000

Date: September 19, 2002

Dear TED MCCALL:

This letter confirms that you initiated a Hazardous Materials Registration under expedited procedures and have been assigned the Temporary Registration Number given above. This Temporary Registration Number will expire on November 03, 2002 and may not be used after that date to prove compliance with the registration requirements.

To complete the registration process:

- (A) Check 'Expedited Followup' at the top of the enclosed blank Registration Statement;
- (B) Enter the assigned Temporary Registration Number in the space supplied for the 'Current Registration #';
- (C) Complete all items on the Registration Statement (however, do not resubmit credit card information) and
- (D) Return the completed Registration Statement and a copy of this letter as proof of prior payment to:

U.S. Department of Transportation
Hazardous Materials Registration
55 Broadway
Bldg. 3, Rm. 118C
Cambridge, MA 02142

An informational brochure containing the Registration Statement is enclosed. To complete the registration process before the expiration of the temporary Registration Number, submit the completed Registration Statement no later than 10 days following the receipt of this letter. A Certificate of Registration will be mailed to you after you have submitted a Registration Statement. If you have any questions, please call the Hazardous Materials Registration Support Center at 617-494-2545.

Sincerely,

Mark Plecinoga
Manager, Hazardous Materials
Registration Support Center

Each person subject to the registration requirement must furnish that person's Certificate of Registration (or a copy) and all other records and information pertaining to the information contained in the registration statement to an authorized representative or special agent of the U. S. Department of Transportation upon request.

Each motor carrier (private or for-hire) and each vessel operator subject to the registration requirement must keep a copy of the current Certificate of Registration or another document bearing the registration number identified as the "U.S. DOT Hazmat Reg. No." in each truck and truck tractor or vessel (trailers and semi-trailers not included) used to transport hazardous materials subject to the registration requirement. The Certificate of Registration or document bearing the registration number must be made available, upon request, to enforcement personnel.

For information, contact the Hazardous Materials Registration Manager, PHH-60, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 400 Seventh Street SW, Washington, DC 20590, telephone (202) 366-4109.
